Historic Preservation Commission (HPC)
Certificate of Appropriateness Application Checklist

Chapter 76 of the Village of Greenport Code outlines procedures to (1) identify, preserve and enhance the landmarks and historic districts which represent distinctive elements of Greenport’s historic, maritime, architectural and cultural heritage, (2) foster civic pride in the accomplishments of the past, (3) protect and enhance Greenport’s attractiveness to residents and visitors, thereby supporting and stimulating the economy of the Village, (4) provide for architectural review so as to prevent such design and appearances as are incompatible with the historic or architectural characteristics of a landmark or historic district and (5) ensure the harmonious, orderly and efficient growth and development of the Village, consistent with its historic integrity.

The purpose of this checklist is to provide an overview of the Historic Preservation Commission application process, and the materials required for each step. Applicants should also refer to the relevant code section for more information. This checklist will be used to determine completeness and applicants to the HPC are urged to use it as a guide to avoid delays in review.

Depending upon the scope of the project, the applicant may also be required to go before the Planning Board and/or the Zoning Board for separate reviews.
