5. Estimated Grant and Allocation Thereof

The annual amount of Federal funds involved shall be the amount applied for by the County pursuant to the recommendation of the County Executive, subject to any modifications made by HUD. Any Federal funds received by letter of credit or otherwise shall be placed in an account established and maintained pursuant to Federal and State regulations. Upon authorization by the County, and in compliance with applicable State law and promulgated regulations, funds may be expended from this account by the County or by payment to the Municipality pursuant to a specific contract. Neither the County nor the participating Municipality may expend or commit funds except as may be authorized pursuant to this Agreement and in full compliance with State and Federal laws. No participant under this Agreement may in any way be obligated to expend funds of its own except as may be mutually agreed upon in accordance with the law.

The County will retain the greater of \$400,000 or nine percent (9%) of Community Development Block Grant funds annually, to be used for program administration,

planning, and operations. The balance of the funding (hereinafter "Program Funds") will be distributed to the participating municipalities. Pursuant to 24 CFR 570.501(b), the Municipality is subject to the same requirements applicable to subrecipients, including the requirement for a written agreement as set forth in 24 CFR 570.503. The Municipality will receive funding only after executing a separate contract with the County that meets the requirements of 24 CFR 570.503. The County will proportion Community Development Block Grant funds among large and small municipalities. Program Funds will be allocated among the participating municipalities based on such factors as population, the extent of overcrowded housing units, poverty, age of housing stock, low- and moderate-income persons, housing performance, and performance in providing benefits to low- and moderate-income persons.

The Municipality agrees to use a substantial proportion of its funds for the implementation of its portion of the Consolidated Plan.

The remaining portion of the Community Development Block Grant funds available to the participating Municipality may be used for "eligible activities" as outlined in the Federal regulations governing the Community Development program. The allocation of funds into individual projects will be determined by participating Municipalities with input from the public. The County will have the final responsibility for selecting Community Development and HOME projects and annually filing the Annual Action Plan with HUD.

6. Program Income

The Municipality must inform the County of any income generated by the expenditure of Community Development Block Grant and HOME Investment Partnership funds received. Program income may be assigned by the County to be retained by the Municipality. The Municipality will be required to substantially disburse program income, so received, for eligible community development activities before additional cash withdrawals are made by the County from the U.S. Treasury. Any program income that the Municipality is authorized to retain may only be used for eligible activities in accordance with all Community Development Block Grant and HOME requirements as may then apply.

The County is responsible for monitoring the reporting to HUD on the use of any program income, thereby requiring appropriate recordkeeping and reporting by the Municipality as may be needed for this purpose. In the event of close-out or change in status of the Municipality, any program income that is on hand or received subsequent to the close-out or change in status shall be paid to the County.

7. Real Property Standards

Real property acquired or improved in whole or in part using Community Development Block Grant funds or HOME Investment Partnership funds that is within the control of the Municipality shall be governed by the following standards:

- a. The Municipality shall provide the County with timely notification of any modification or change in use of the real property from that planned at the time of acquisition or improvement including disposition;
- b. The Municipality shall provide for reimbursing the County in an amount equal to the current fair market value (less any portion thereof attributable to expenditures of non-Community Development Block Grant funds) of property acquired or improved with Community Development Block Grant or HOME funds that is sold or transferred for a use which does not qualify under the Community Development Block Grant and HOME regulations; and
- c. Program income generated from the disposition or transfer of property prior to or subsequent to the close-out or change in status or expiration of the cooperation agreement between the County and the Municipality shall be subject to the requirements of Section V of Article I of this Agreement.

8. Financial Control System

The County will provide a financial control system that will, among other things, yield data necessary to complete federal required reports, meaningful management information, and a clear audit trail for all expenditures.

The County will adhere to Federal Regulations in all matters of Fiscal Control and Management. Fiscal Control and Management functions will be carried out in accordance with the provisions of Office of Management and Budget Circular A-87.

9. Qualification as an Urban County

In addition to such assurances and agreements as may have been made by previously executed ordinances in order to meet the criteria for funding eligibility as an "urban county," the Municipality and the County will cooperate to undertake, or assist in undertaking community renewal and lower income housing assistance activities, specifically including urban renewal and publicly assisted housing.

The County and the cooperating Municipality shall take all required actions necessary to assure compliance with the urban county's certification required by Section 104(b) of Title I of the Housing and Community Development Act of 1974, as amended, including the provisions of the National Environmental Policy Act of 1969, Title IV of the Civil

Rights Act of 1964, Title VIII of the Civil Rights Act of 1968, Executive Order 11988, the Fair Housing Act, Section 109 of Title I of the Housing and Community Development Act of 1974, as amended, the Americans with Disabilities Act of 1990, the Uniform Relocation Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975 and other applicable laws.

The County will not allocate urban county funding for activities in or in support of any cooperating municipality that does not affirmatively further fair housing within its own jurisdiction or that impedes the County's actions to comply with its fair housing certification.

The cooperating Municipality has adopted and is enforcing a policy prohibiting the use of excessive force by its law enforcement agency against individuals engaged in non-violent civil rights demonstrations. The Municipality shall enforce applicable State and local laws against physically barring the entrance or exit of a facility or location which is the subject of non-violent civil rights demonstrations.

The cooperating Municipality may not sell, trade or otherwise transfer all or any portion of such (Community Development Block Grant (CDBG or HOME) funds to a metropolitan city, urban county, unit of general local government, Indian tribe, or insular area that directly or indirectly receives CDBG funds in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under Title I of the Housing and Community Development Act of 1974, as amended.

The cooperating Municipality understands that by executing this Agreement that the Municipality may not apply for grants under the Small Cities, or New York State Program from appropriations for those fiscal years during the period in which such Municipality is participating in the urban county's Community Development Block Grant program. The cooperating Municipality may participate in a HOME program only through the Suffolk Urban County Consortium, regardless of whether the urban county received a HOME formula allocation and the Municipality cannot form a HOME consortium with other local governments. The cooperating Municipality may receive a formula allocation under the ESG Program only through the Suffolk Urban County Consortium.

10. Federal Statutory Reorganization

The Municipality recognizes and agrees that the grant agreements for some HUD programs, including the Community Development Block Grants incorporate the regulations "as now in effect and as may be amended from time to time" and therefore, 2 CFR part 200 will be applicable to these grants.

11. Duration of Agreement

This Agreement shall give the County the authority to carry out activities funded from annual Community Development Block Grants, HOME funds and ESG Program funds from the Federal Fiscal Years 2019, and 2020 appropriations and from any program income generated from the expenditure of such funds. This Agreement will automatically be renewed for participation in successive three-year qualification periods unless the County or Municipality provides written notice that it elects not to participate in a new qualification period. The County and the Municipality agree to adopt any amendment to this agreement necessary to meet the requirements for cooperation agreements for a subsequent three-year qualification urban county qualification period. Any adopted amendments shall be submitted to HUD and a failure to do so will void the automatic renewal for such qualification period. At the end of each qualification period, the County shall notify the participating Municipality by the date specified by the Department of Housing and Urban Development's Urban County Qualification Notice that the Municipality may elect to be excluded from the urban county. This Agreement shall remain in effect until Community Development, HOME funds, ESG Program funds and program income received with respect to activities carried out during the three-year qualification period fiscal years 2019, and 2020, and any successive qualification periods under agreement that provide for automatic renewals, are expended and the funded activities are completed. The County and the cooperating Municipality cannot terminate or withdraw from this Agreement while the Agreement remains in effect.

12. Execution of Agreement

This Agreement shall be signed by the County Executive and the Chief Executive of the individual Municipality participating.

Each signatory agrees to cooperate with all other signatories of cooperation agreements and be bound as if all had signed the same Agreement for the term of this Agreement unless otherwise terminated pursuant to the requirements of eligibility under Federal law.

13. Severability

In the event that any portion of this Agreement shall be made inoperative by reason of judicial or administrative ruling, the remainder shall continue in effect.
