Village Administrator
Village of Greenport
236 3rd Street
Greenport, NY 11944

Dear Paul J. Pallas, P.E.:

On behalf of New York State and Empire State Development, please let me express my enthusiasm for working with you and the Village of Greenport to design and construct sewer infrastructure in New York State.

As we understand the project, the Village of Greenport will design and construct a sewer collection system for the Sterling Basin area in Greenport, Suffolk County. The new sewer infrastructure will be an extension of the existing municipal sewer system. Greenport's sewer infrastructure investment of \$1,959,000 will support the reduction of septic tank overflow and discharge into the Sterling Basin area and the Peconic Estuary watershed, located between the North and South ends of Long Island.

To encourage you to proceed with this project, we are offering the Village of Greenport incentives valued at \$390,000.

Please review the attached Incentive Proposal to see how New York State and Empire State Development are prepared to assist the Village of Greenport with its project located in the Long Island Region of New York State. If you choose to accept our offer, please acknowledge your decision by endorsing the last page of the attached proposal and returning one copy to me and one copy, including the \$250 Application Fee, to Glendon McLeary, Vice President and Director of Loans & Grants, by August 8, 2021.

We look forward to working with you on this exciting project and can be reached at 631-435-0717 at your convenience.

Very truly yours,

Cara Longworth

ENVIRONMENTAL, HISTORIC AND SMART GROWTH REVIEW REQUIREMENTS

Approval of funding by ESD, a public benefit corporation of the State of New York, requires compliance with environmental, historic and smart growth review requirements under New York State regulations. The information below provides a brief guide to the review processes. If you have any questions about the required documentation or how to proceed in these areas, please contact ESD's Planning & Environmental Review Office at (212) 803-3252 or 3253. **Physical work on an ESD-funded project may not be started prior to the completion of any necessary environmental, historic and/or smart growth review.**

Environmental Review under State Environmental Quality Review Act (SEQRA)(6 NYCRR Part 617)

- Projects or physical activities, such as construction or other activities that may affect the environment by changing the use, appearance or condition of a site or structure require review under SEQRA. Certain listed activities are not subject to any review because they involve actions with little, if any, environmental impact, referred to as "Type II" Actions. Conversely, SEQRA also includes a list of actions that are assumed to be more apt to result in impacts, referred to as "Type I" Actions, which are subject to formal review. If a proposed action is neither listed on the Type II or Type I lists, it is referred to as an "Unlisted Action" and is also subject to review under SEQRA.
- The applicant must demonstrate compliance with SEQRA if the project does not meet the definition of a Type II Action. If SEQRA review is required for the project, the review must be completed by a lead agency such as a municipal planning or zoning board, common council, county industrial development agency, or state regulatory or funding agencies.
- Please note that if the project consists of more than one phase, a SEQRA review must be completed for all known or reasonably foreseeable phases of the project, not only the phase that is the subject of ESD funding. An environmental review of only a portion of a project constitutes improper segmentation under SEQRA and is not accepted except in special circumstances.
- Required SEQRA documentation:

If the project has already been determined to have no significant effect on the environment, the following two documents must be provided:

1. Environmental Assessment Form (EAF) –Short EAF or Full EAF, as appropriate for the project. All parts must be fully completed and approved by the lead agency that reviewed the project; and
2. Negative Declaration

(Note: If the project was approved by a lead agency on or after October 7, 2013, the new EAFs must be used and a separate Negative Declaration form is not required.)

If a Positive Declaration was made for the project, indicating that the project may have a significant adverse impact on the environment, the following documents must be provided:

1. Draft and Final Environmental Impact Statement (DEIS and FEIS) – digital copy is preferable; and

2. Lead Agency Statement of Findings

- If your SEQRA review has not yet been completed, please provide in an addendum to this application information about the status of the review and designated lead agency for the review, and submit "Part 1" of a Short EAF or Full EAF as appropriate for your project. Subsequent EAF Parts are completed by the lead agency based upon the information you include in Part 1.

For further information about SEQRA, please visit the New York State Department of Environmental Conservation's web site at <http://www.dec.ny.gov>.

Historic Review

- Projects involving a building, structure, district, or site, including underground or underwater sites, listed on or eligible for listing on the State or National Register of Historic Places (S/NRHP) must be evaluated by the State Historic Preservation Office (SHPO) of the New York State Office of Parks, Recreation and Historic Preservation in accordance with Section 14.09 of the New York State Parks, Recreation and Historic Preservation Law.
- Buildings that are more than 50 years old and/or those that are historically, architecturally, or culturally significant, as well as project locations wholly or partially within an identified archeologically-sensitive area or a land area that typically contains archeological resources, may meet the eligibility criteria for S/NRHP listing.
- The applicant must demonstrate compliance with Section 14.09. In order to initiate the SHPO consultation process, the applicant must submit the project for review by SHPO through the Cultural Resources Information System (CRIS) found at <https://cris.parks.ny.gov/Default.aspx>. Upon completion of the SHPO consultation process, SHPO will determine whether or not the project will have an adverse impact on historical or cultural resources and will provide a letter of comment on the project.
- Required SHPO documentation:
 - Letter of No Adverse Impact determination or
 - Letter of Resolution – required if SHPO determines that the project will have an Adverse Impact on historic or cultural resources.

Smart Growth

The State Smart Growth Public Infrastructure Policy Act of 2010 requires that public infrastructure projects approved, undertaken, supported or financed by a State Infrastructure Agency, which includes ESD, to the extent practicable, are consistent with relevant Smart Growth Criteria specified in the law. Projects that involve ESD approval of funding for public infrastructure (e.g., publicly-supported roads, bridges, streetscapes, other transportation systems, drinking water, sewers, drainage systems, and utilities) will require the completion of a Smart Growth Impact Statement prior to approval of funding. (Note: Projects that only involve Excelsior Jobs Tax Credits do not require Smart Growth review.) ESD staff will advise you if a Smart Growth Impact Statement is required.

PARTICIPATION REQUIREMENTS FOR NEW YORK STATE CERTIFIED MWBEs

ESD is required to comply with and implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 (MWBE Regulations) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

Approval of funding by ESD, a public benefit corporation of the State of New York, is conditioned upon and subject to the following requirements:

- a) Recipient agrees to fully comply and cooperate with ESD in the implementation of New York State Executive Law Article 15-A. These requirements include contracting opportunities for *New York State certified* Minority-owned Business Enterprises (“MBEs”) and Women-owned Business Enterprises (“WBEs”), collectively MWBEs.
- b) For purposes of this project, ESD hereby establishes the following MWBE participation requirements:

Overall MWBE Participation Requirement: 30% (totaling no less than \$117,000)

- c) For purposes of providing meaningful participation by MWBEs on the project and achieving the project goals established herein, Recipient should reference the directory of New York State certified MWBEs found at the following internet address:

<https://ny.newnycontracts.com>

Additionally, Recipient may contact ESD’s Office of Contractor and Supplier Diversity (“OCSD”) to discuss additional methods of maximizing participation by MWBEs on the project.

- d) Recipient is required to submit a completed Non-Discrimination and Equal Employment Opportunity Policy Agreement (Form OCSD-1) prior to the first disbursement.
- e) For all incentives the Recipient and any contractors or sub-contractors are required to provide to OCSD (i) an MWBE Staffing Plan (Form OCSD-2) prior to the first disbursement, where ESD’s effective contribution is equal to or greater than \$250,000, and (ii) Workforce Utilization Reports (Form OCSD-3) on a monthly basis, for construction contracts in excess of \$100,000, or quarterly basis, for services and commodities contracts in excess of \$25,000, until the final disbursement of project funds. If the first disbursement is also the final disbursement, the Recipient may submit only the final Workforce Utilization Report. Workforce Utilization Reports must be submitted to OCSD via email in, **excel format only**, to OCSD@esd.ny.gov.

The Recipient shall also require each of its sub-contractors to submit a Workforce Utilization Report (Form OCSD-3) on a monthly basis, for construction contracts in excess of \$100,000, or quarterly basis, for services and commodities contracts in excess of \$25,000, until the final disbursement of project funds. The Workforce Utilization Report must be sent by email in excel format only to ESD.

- f) Recipient is required to submit an MWBE Utilization Plan (Form OCSD-4) no later than ten (10) days after the execution of this Incentive Proposal.
 - If additional time is required to prepare an acceptable and effective MWBE Utilization Plan, the Recipient may submit a written extension request to OCSD or the assigned OCSD Project Manager. The extension request must explain why additional time is needed and provide an estimated date of submission for the MWBE Utilization Plan.
 - Any modifications or changes to the MWBE Utilization Plan after the execution of this Incentive Proposal and during the performance of the project must be reported on a revised MWBE Utilization Plan and submitted to OCSD for approval.
- g) ESD will review the submitted MWBE Utilization Plan and advise the Recipient of acceptance or issue a Notice of Deficiency within twenty (20) days of receipt.
- h) If a notice of deficiency is issued, Recipient agrees that it shall respond to the Notice of Deficiency within seven (7) business days of receipt by submitting to OCSD a written remedy in response to the Notice of Deficiency. If the written remedy that is submitted is not timely or is found by ESD to be inadequate, ESD shall notify the Recipient and direct the Recipient to submit, within five (5) business days, a request for a partial or total waiver of MWBE participation goals (Form OCSD-5, Waiver Request). Failure to file the Waiver Request in a timely manner may result in a finding that Recipient has intentionally or willfully failed to comply with the requirements of New York State Executive Law Article 15-A and the MWBE provisions outlined herein.
- i) ESD may find that Recipient has willfully or intentionally failed to meet the MWBE project requirements under the following circumstances:
 - 1. If a Recipient fails to submit an MWBE Utilization Plan;
 - 2. If a Recipient fails to submit a written remedy to a Notice of Deficiency;
 - 3. If a Recipient fails to submit a request for waiver; or
 - 4. If ESD determines that the Recipient has failed to document "Good Faith Efforts."
- j) Recipient shall attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the project. Requests for a partial or total waiver of established goal requirements made subsequent to the execution of the Incentive Proposal may be made at any time during the term of the project to ESD, but must be made no later than prior to the submission of a request for final payment on the project.

- k) The Recipient understands that only sums paid to MWBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. The portion of a contract with an MWBE serving as a supplier that shall be deemed to represent the commercially useful function performed by the MWBE shall be 60% of the total value of the contract. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be the monetary value for fees, or the markup percentage, charged by the MWBE.

The Recipient understands that only sums paid to MWBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be 25% of the total value of the contract.

- l) Recipient is required to submit a periodic MWBE Compliance & Payment Report to OCSD by the 10th day following either the end of each (i) month, for construction contracts in excess of \$100,000, or (ii) quarter, for services and commodities contracts in excess of \$25,000, over the term of the project documenting the progress made toward achievement of the MWBE project goals.

Periodic compliance and payment reports may be submitted electronically through the New York State Contract System, found at <https://ny.newnycontracts.com>. The New York State Contract System provides automated electronic alerts to the Recipient and any identified sub-contractors and sub-vendors and allows for the electronic reporting and confirmation of the relevant data by all tiers of identified subcontractors. Payment information and confirmation must be submitted by the 10th day following the end of each month or quarter, as applicable. For additional information regarding this process, please contact OCSD.

Periodic compliance and payment reports may also be completed manually (Form OCSD-6, MWBE Compliance & Payment Report) and submitted to OCSD or the assigned OCSD Project Manager.

- m) "Good Faith Efforts" is the standard applied to the MWBE participation requirements in all applicable ESD incentives. Recipients shall adhere to this standard and ensure that proactive and ongoing efforts are made throughout the length of the project to include MWBE participation in all categories where MWBE participation potential exists. PARTICIPATION REQUIREMENTS FOR NEW YORK STATE CERTIFIED SDVOBS

It is the policy of ESD to comply with and implement the provisions of New York State Executive Law Article 17-B and 9 NYCRR Part 252 (SDVOB Regulations) for all State contracts, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

For purposes of this project, the Grantee is encouraged to solicit and utilize NYS certified Service Disabled Veteran-owned Businesses (“SDVOBs”) for any contractual opportunities generated in connection with the project.

- a) For purposes of providing meaningful participation by SDVOBs on the project, Recipient should reference the directory of New York State certified SDVOBs found at the following internet address: <https://online.ogs.ny.gov/SDVOB/search>

Additionally, Recipient may contact ESD’s Office of Contractor and Supplier Diversity (“OCSD”) to discuss additional methods of maximizing participation by SDVOBs on the project.

- b) If NYS-certified SDVOB firms are utilized in the grant, Recipient is to provide a Utilization Plan to report on expected utilization (Form OCSD-4).
- c) Recipient is then required to submit a periodic SDVOB Compliance and Payment Report to OCSD by the 10th day following each end of month, for construction contracts in excess of \$100,000, or quarter, for services and commodities contracts in excess of \$25,000, over the term of the project documenting the progress made toward achievement of the project goals.

Periodic compliance and payment reports may be submitted electronically through the New York State Contract System, found at <https://ny.newnycontracts.com>. The Contract System provides automated electronic alerts to the Recipient and any identified sub-contractors and allows for the electronic reporting and confirmation of the relevant data by all tiers of identified subcontractors. For additional information regarding this process, please contact OCSD. Compliance and payment reports may also be completed manually (Form OCSD-6) and submitted to the assigned OCSD Project Manager.

“Good Faith Efforts” is the standard applied to the SDVOB participation requirement in all applicable ESD incentives. As SDVOB utilization is encouraged, rather than required, for this project, Recipients are encouraged to adhere to this standard and ensure that proactive and ongoing efforts are made throughout the length of the project to include SDVOB participation in all categories where SDVOB participation potential exists. For additional details regarding Good Faith Efforts, please review section 252.2(m) of NYCRR 9 (SDVOB Rules and Regulations), found at: <https://ogs.ny.gov/Veterans/>

MUNICIPAL ADVISOR SERVICES AGREEMENT

THIS MUNICIPAL ADVISOR SERVICES AGREEMENT (the "Agreement") is entered into on _____ (the "Effective Date") between the Village of Greenport, ("Village") and Munistat Services, Inc. ("Munistat") (collectively referred to herein as the "Parties").

RECITALS

WHEREAS, Munistat is a Municipal Advisory firm specializing in municipal finance and municipal government related matters; and

WHEREAS, the Village desires to engage Munistat to provide certain services relative to the issuance of the certain obligations as set forth in Appendix A ("Work Orders"), and Munistat desires to provide services to the Village in connection with such Work Orders.

AGREEMENT

NOW THEREFOR, the Parties agree as follows:

1. Municipal Advisory Services. The Parties hereto agree that Munistat shall provide those services set forth in the Work Orders, and Munistat's services as the Village's Municipal Advisor shall be expressly limited to the services noted therein.
2. Term and Termination. This Agreement shall be effective as of the Effective Date and shall remain in effect until terminated by either party upon (30) days written notice; provided, however, that in the event of termination of any such engagement, Munistat reserves that right to assess fees for any work performed pursuant to a Work Order in accordance with the Fee Schedule set forth in Appendix B.
3. Agreement to Provide Information. The Village agrees to provide Munistat with factual, not misleading information as shall be required by Munistat in furtherance of the services set forth herein, including financial statements, budgets, and other relevant documents. The Village further agrees to not intentionally omit any material information relevant to Munistat's provision of services. Munistat agrees to promptly amend or supplement this Agreement to reflect any material changes or additions to this Agreement, including material changes to the information provided.

4. Compensation. Munistat shall receive a fee for any services rendered to the Village pursuant to this Agreement in accordance with the fee schedule set forth in Appendix B attached hereto and incorporated herein by reference.

5. Indemnity. Each party shall defend, indemnify and hold harmless the other from and against any and all claims, demands, expenses, cost or causes, arising out of or in connection with any claim, suit, action, or proceeding for personal injury, death or property damage sustained or incurred as a result of any act, failure, or default by the other party's employee while acting within the scope of their duties as determined by this Agreement.

6. Required Regulatory Disclosures. Munistat is registered as a "Municipal Advisor" pursuant to Section 15B of the Securities Exchange Act and rules and regulations adopted by the United States Securities and Exchange Commission ("SEC") (Registration #867-00429) and the Municipal Securities Rulemaking Board ("MSRB") (Registration #K0114). As part of this SEC registration Munistat is required to disclose to the SEC information regarding criminal actions, regulatory actions, investigations, terminations, judgments, liens, civil judicial actions, customer complaints, arbitrations and civil litigation involving Munistat. Pursuant to MSRB Rule G-42, Munistat is required to disclose any legal or disciplinary event that is material to the Village's evaluation of Munistat or the integrity of its management or advisory personnel. Munistat has determined that no such event exists. Copies of Munistat's filings with the United States Securities and Exchange Commission can currently be found by accessing the SEC's EDGAR system Company Search Page which is currently available at www.sec.gov and searching for either "Munistat Services Inc." or for our CIK number which is 0001608472

The MSRB has made available on its website (www.msrb.org) a municipal advisory client brochure that describes the protections that may be provided by MSRB rules and how to file a complaint with the appropriate regulatory authority.

7. Disclosure of Conflicts of Interest. The Village acknowledges that it has received those disclosures set forth and contained within Appendix C attached hereto and incorporated herein by reference. The Village further acknowledges that it has been given the opportunity to raise questions and discuss such disclosures with Munistat and that it fully appreciates the nature of such disclosures and any and all conflicts noted therein. The Village hereby waives such conflicts and authorizes Munistat to provide services pursuant to this Agreement. From time to time, Munistat may provide additional conflict of interest disclosures to the Village as noted in Appendix C and such disclosures shall be incorporated by reference into this Agreement to the same extent as if set forth herein. In this regard, Village hereby authorizes the Village Treasurer to acknowledge and/or waive any such additional conflict of interest disclosures of Munistat on behalf of the Village.

APPENDIX A

SERVICES

- Meet with appropriate Village Officials to discuss plan of finance and establish the timeline.
- Preparation of maturity schedules for bond issues which will be acceptable to the Village and to Bond Counsel, in accordance with Local Finance Law. We will offer options, i.e. traditional versus level debt, term of bonds so that the Village may make an informed decision regarding current as well as future budgetary impact.
- With regard to the use of notes and bonds, depending on the scope of the project, the Village may consider to fund its capital projects at inception with note issues in order to ensure that permanent financing is accomplished for the proper amount.
- We will assist the Village with the preparation of the Official Statement, based on information provided by the Village and/or third parties, including Bond Counsel for certain language relating to legal matters. Munistat will make no representation, warranty or guarantee regarding the accuracy or completeness of the information in the Preliminary Official Statement or Official Statement, and its assistance in preparing these documents should not be construed as a representation that it has independently verified such information.
- In order to avoid the errors that may be caused by time pressures, we would prefer to have about 2 weeks for composition and word processing of the Official Statement, measured from the date upon which we have received all necessary documents and information from the Village and/or third parties. Upon completion of word processing, the Official Statement will be submitted to the Village and to Bond Counsel for review and comment.
- We distribute Official Statements and Notices of Sale to the investment community through various information repositories and post the documents on "Ipreo", a third party distribution and electronic bidding platform.
- We submit requested documents and information to the rating agencies and, if we feel the situation warrants, we will make an appointment with a credit analyst in order to present our views regarding the Village's rating.
- Since almost all bond and note issues are issued in book-entry-only form, we coordinate with the Village, bond counsel and The Depository Trust Company (DTC) to ensure that the procedure is accomplished smoothly and efficiently.
- Prior to the bond sale, we submit the required information to the CUSIP Service Bureau. It is generally the function of bond counsel and the underwriter to ensure that the bonds are printed in correct form and on a timely basis.
- We ensure the publication of the Notice of Sale for bond issues within the required time limits.

- We prepare the Debt Statement for certain bond issues and file it with the State Comptroller's office.
- We handle the bid opening at our office and verify the calculation of the winning bid.
- We coordinate the financial details of the closing with the Village, bond counsel, the underwriter, and the bond insurance company (if applicable).
- We coordinate the preparation of the Final Official Statement with the underwriter, bond counsel and, where applicable, the bond insurance company.
- We prepare the final Debt Service Schedule (and, where applicable, the apportionments of such overall Debt Service Schedule into the appropriate funds), and distribute copies of such schedules to the issuer, to the fiscal agent (or DTC) and bond counsel.
- We assist the Village in short-term and long-term financings with the Environmental Facilities Corporation. Such financings require much of the services described above. Additional services include, but are not limited to: coordinate the collection of financial and operating information during the application process, participation in conference calls, prepare various estimated debt service schedules, determine amounts to be included in ensuing operating budgets, and tax impact analysis.
- If appropriate, we assist the Village in lease financings (energy performance contract, vehicle, LED lighting, etc.). Such services include but are not limited to: coordinate the collection of financial and operating information, verify and analyze the projected cash flows, draft the Request for Proposals, accept the bids via competitive public sale on the lease and help determine the award, prepare various estimated debt service schedules, determine amounts to be included in ensuing operating budgets, and coordinate the closing.
- In accordance with SEC Rule 15c2-12 and the Undertaking to Provide Continuing Disclosure as executed by the Village in connection with the sale of certain bonds and delivered at the closing for such bonds, the Village may be obligated to file a Statement of Annual Financial and Operating Information with the Electronic Municipal Market Access System ("EMMA") according to the Agreement. When necessary, we are available to help the Village to ensure compliance with its Continuing Disclosure Undertakings.

APPENDIX B
FEES AND EXPENSES

The fees for our services for capital project financings will *not exceed* the following: Serial Bonds - \$9,500 for each bond issue with an Official Statement up to \$3,000,000 and \$0.85 per \$1,000 thereafter; Refunding Serial Bonds - \$12,500 for each bond issue with an Official Statement up to \$3,000,000 and \$1.85 per \$1,000 thereafter; Bond Anticipation Notes – Base fee of \$4,500 for each note with an Official Statement up to \$3,000,000 and \$0.45 per \$1,000 thereafter; Lease financings - \$6,500 up to \$3,000,000 and \$0.35 per \$1,000 thereafter; Environmental Facilities Corporation Financings - \$3,500 for the first 10 hours spent, \$150 per hour thereafter. The fee for general consulting services will be \$150 per hour with the terms of the service agreed upon prior to the engagement.

The fee for preparation and filing of the Statement of Annual Financial and Operating Information in accordance with SEC Rule 15c2-12, and the Village's Continuing Disclosure Undertaking will be \$3,500. There is no charge for the filing of material event notices.

All of the above fees represent our experience in working with local governments for the last several years, a general understanding of the capital project plans and the necessary time expected to execute each transaction. It should be noted that these fees represent a "not to exceed" amount. Munistar has historically discounted much of the above fees due to size, the issuance of more than one bond issue in a given year, or single-purpose borrowings.

The fee for our services includes all out-of-pocket expenses. Other normal issuing costs, such as bond counsel fees, rating agency fees and publication of resolutions and Notices of Sale are billed directly to the Village by the respective parties.

Munistar Services, Inc. will not charge to attend meetings of the Board, work sessions, meetings with bond counsel, ratings agencies, or any other meetings associated with a capital project. We do not charge any fees for services delivered prior to a referendum, including preparation of estimated debt service and tax rate impact schedules. There will be no charge until, and unless the closing of the bonds or notes take place.

APPENDIX C

DISCLOSURE OF CONFLICTS OF INTEREST

CONTINGENT COMPENSATION

The fees to be paid by the Village to Munistat Services, Inc. are contingent on the size and successful closing of the transaction. Although this form of compensation may be customary, it presents a conflict because Munistat Services, Inc. may have an incentive to recommend unnecessary financings or to recommend a larger transaction to the Village. For example, when facts or circumstances arise that could cause the financing or other transaction to be delayed or fail to close, Munistat Services, Inc. may have an incentive to discourage consideration of alternatives that may result in the cancellation of the financing or other transaction.

Munistat Services, Inc. manages and mitigates this conflict primarily by adherence to the fiduciary duty which it owes to municipal entities which require it to put the interests of the Village ahead of its own.

OTHER MATERIAL CONFLICTS OF INTEREST

Munistat Services, Inc. has determined, after exercising reasonable diligence, that it has no other known material conflicts of interest that would impair its ability to provide advice to the Village in accordance with its fiduciary duty to municipal entity clients. To the extent any such material conflicts of interest arise after the date of this Agreement, Munistat Services, Inc. will provide information with respect to such conflicts to the Village and such additional information shall be incorporated by reference into this Agreement to the same extent as if set forth herein.
